

Cultivate A Career In Horticulture

Certificate IV In Horticulture (Turf)

RTF 40803

This course is ideal for people working with turf areas such as sporting facilities and large recreation areas. If supervising staff, planning the routine operations and assisting with the management of sports turf areas is what you do or would like to do, this qualification is for you.

Students who enrol in this course must be employed in a Horticultural workplace. You could complete the full Certificate IV in Horticulture within two (2) years. Depending on you and your employers needs, learning may be held at your workplace, at a TSI campus in Clarence, Alanvale or Burnie, or at an agreed destination.

Course Results and Skills Gained: The course has been designed to give student options for course content. There is more emphasis on the technical and theoretical aspects of turf management in this qualification than in Certificate III. Students may choose options such as: preparing budgets for small projects, supervising staff on routine and special projects, planning and implementing fertiliser and chemical use and planning the maintenance of turf areas.

Course Includes: A total of 12 units of competency must be completed. See below for a common selection of units.

Units	Course Code
■ Implement and monitor environmental policies	BSBCMN413A
■ Implement and monitor the enterprise OH&S program	RTC4701A
■ Cost a project	RTC4905A
■ Implement pest management action plans	RTD4406A
■ Determine seasonal irrigation scheduling tasks	RTE4604A
■ Supervise on-site irrigation installation and construction work	RTE4606A
■ Develop a plant nutrition program	RTF4004A
■ Promote plant health	RTF4023A
■ Supervise maintenance of machinery and equipment	RTC4306A
■ Minimise risks in the use of chemicals	RTC4702A
■ Supervise work routines and staff performance	RTC4908A
■ Plan on-site irrigation system installation and construction work	RTE4607A

Delivery: The qualification is competency based which means that assessment for recognition of prior learning or work-based projects is evidence based. Our teachers/assessors work closely with students and employers to design meaningful and relevant projects to be carried out at work.

Outcome: Certificate IV in Horticulture (Turf).

Where: At your workplace, and if required, at the Burnie Campus, Alanvale Campus or Clarence Campus.
