

## Two Ways to Improve Your Bottom Line Essential Training Solutions

### Two ways to improve your bottom line!

1. Increase your management skills and the skills of your staff to help grow your business and increase profitability.
2. Take advantage of Commonwealth Government funding subsidies.

The Skills Institute will provide **essential training solutions** according to your business needs – where and when you need it.

### Diploma qualifications are available in:

- Management
- Project Management
- Occupational Health and Safety

### Certificate IV qualifications are available in:

- Training and Assessment

These qualifications will provide the high level skills that your business needs to ensure that you are:

- Up to date with contemporary business practices.
- Able to effectively manage multiple priorities and deadlines.
- Complying with relevant legislation and keeping your staff safe.
- Continually developing the professional skills of your people according to the needs of your business.
